---

---

---

3) If checked yes to either on #1, what are the rules when NOT in use?

---

---

---

4) What are the safety precautions when not in use?

---

---

---

\*Please note that per Minimum Standard 749.3133 (c) that a foster home with an in ground swimming pool must have “a fence or wall that is at least four feet high that encloses the pool area. The fence must be well constructed and be installed completely around the pool area.” Per Minimum Standard 749.3133 (o) an aboveground pool must “have a barrier that prevents a child’s access to the pool and be inaccessible to children when it is not in use”.

5) Does either parent have water safety or lifeguard certification?  No  Yes

6) Do you have a trampoline?  No  Yes

7) If checked yes to #6, please note that per Minimum Standards 749.3039 (e) “Trampolines may not be used as play or recreational equipment”. If you have a trampoline what is your plan to remove the trampoline prior to any foster or foster/adopt children being placed in the home?
